Site map

Get to *Karlsplatz* with Underground Line U1 or U2 or U4 and take the exit *Resselpark*. As you come up to street-level, you'll see a huge church *Karlskirche* - at the other side of the *Karlsplatz*. On the right side of the church starts a street named *Karls-gasse*. Follow this street until the end and you will find *TU Vienna*, *Gusshausstrasse 25 - 29*.

Floor plan

There is a new and an old building (on the left) there (between them a parking lot and a drive way). Enter the main entrance of the old building, and go straight ahead, go up a couple of stairs to the top (as far as you can go). Then turn to the left, and follow the corridor. At the end of that corridor you find cast iron stairs (Stiege 7) and an elevator, to go up to the Floor 4. There you will find the Energy Economics Group (EEG).
